### Week of 1/2/2023

#### Sermon Recap

We continued our sermon series this week with Hebrews 6. The author is encouraging fellow believers to get back to passionately living for God. We heard three challenges from verses 11-15: to be diligent in our service of God and love for people, to be active in our pursuit of Christ, and to be an imitator of others who have patiently waited and trusted in the Lord. Brad challenged us to think about three “small” steps to practice in our active pursuit of Christ this year. May we always remember that we are at our best when we need God the most.

#### Pray for the Unreached:

Jat People of India

Pop: 8,724,000 | Religion: Sikhism | Percent Xian: 0.02%

The majority of the Jat are Sikhs. Sikhs worship one god, but their god is formless and genderless. They believe their god can be found in everyone, and that they get closer to God by living a good life and by practicing charity. Like Hindus, they also believe in karma; you reap what you sow in your previous life. Please pray that the Jat people of India will come to know the One True God.
